RECEIPTS MUST ACCOMPANY the tax return on March 1st. When no receipt accompanies the tax return, SUCH AMOUNT WILL NOT BE ALLOWED as a credit against premium tax or will not be included in the total of the Missouri column of page 4. Send copies of the Certificate of Contribution for Missouri guaranty association assessments, paid billings for property tax, cancelled checks for registration fees, the Economic and Community Development approved applications for Neighborhood assistance credits, Infrastructure, Low Income Housing and New Business Facility credits, and other credits, occupational licenses and tax returns for municipal license fees, Missouri Insurance Department company invoices for examination fee credit. **If no receipts** accompany the tax return on March 1, AMOUNTS WILL BE DISALLOWED. To receive a tax credit at a later date, you must file a claim for refund with the Director of the Department of Revenue including your receipts. Claims for refund must be filed per section 136.035 RSMo.

Tax returns are due March 1. **No authority** exists for granting any extension of time for filing return or for payment of tax. No authority exists for waiving the 25% of the prior year's tax due each quarter.

Missouri statutes require quarterly payment of premium, workers' compensation, and retaliatory taxes. The quarterly payments are required to be 25% of the prior year's tax. Quarterly payments will be due on March 1, June 1, September 1 and December 1, and a fifth reconciling payment will be made in the following year. You will receive a notice of assessment of 2002 quarterly tax from the Department of Revenue for these dates.

Be sure you have included your 9-digit NAIC number on the premium tax return and on all quarterly assessment forms.

The annual premium tax return may be mailed separately from the annual financial statement to P. O. Box 690, Jefferson City, MO 65102-0690. Only one copy of the tax return is needed; you do not need to file a copy with the Department of Revenue.

If you have any questions concerning your premium tax return, please telephone 573-526-4986 or 573-522-2563.

Claims for refund of overpayments of tax must be filed with the Department of Revenue pursuant to 136.035 RSMo.

Checks should NOT be sent with the tax return. The March 1 quarterly payment for 2002 should be sent to the Missouri Department of Revenue, Post Office Box 898, Jefferson City, Missouri 65105-0898.

Report the amount of Missouri direct premiums received, either in cash or notes, or both, and report the amount of dividends allowed policyholders for the year ending December 31, 2001. Missouri does tax commission retained by agents. This must be included with your direct premiums written.

After January 1, 1987, Missouri no longer taxes annuities. The tax return includes a line to report the annuity considerations received by your company and another line to deduct this amount out of taxable premium. Companies who have a Flexible Premium Deferred Annuity account on which prior tax had been deferred must continue to file the FPDA report and make payment of tax due on that account with respect to annuity considerations received before January 1, 1987.

RETALIATORY COMPARISON (375.916 RSMo.)

In order to compute the retaliatory tax due, the Missouri Department of Insurance requires that you file with this Department a tax return that a hypothetical Missouri Insurance company would be required to file in your state of incorporation. Complete the return using the amount and mix of premiums that you are writing in **Missouri**. This return is to accompany your Missouri tax return on March 1st.

The retaliatory portion of the Missouri tax return compares the aggregate burden which would be placed upon your company by the State of Missouri with the aggregate burden which would be placed by your state of incorporation upon a hypothetical Missouri company doing the same amount of business that your company is doing in Missouri. Include ALL taxes, license fees, assessments, etc. that would be payable by a Missouri company doing business in your state during 2001.

Agents license or appointment fees on line 4 should reflect the number of your company's Missouri agent appointments at \$10 per appointment and the number of terminations at \$10 each in the Missouri column and the total number of your Missouri agents at the fee per license renewal, appointment or termination fee charged by your state of domicile in the state of incorporation column. A listing of your agents may be obtained from the Department's License Section upon payment of a \$50 fee.

Examination fees — If in your state of incorporation the insurer bears the cost of examinations, examination fees would be a burden upon a Missouri company operating in your state. Examination fees paid to the State of Missouri should be listed on line 10 in both the Missouri column and state of incorporation column. Alternatively, you may calculate the cost of examinations such as those which were conducted for your company operating in Missouri for a hypothetical Missouri company of a comparable size operating in your state of incorporation. This calculation should be based upon the number of man-hours required for the Missouri examination. This calculation, rather than the Missouri examination fee cost, may be listed on line 10 in the state of incorporation column. Should you choose to calculate the cost of examination for a hypothetical Missouri company operating in your state, you should show your calculations of this amount.

Foreign Life Insurance Companies — Your Annual Renewal Fees paid on July 1, 2001 were \$1,000.

Please REPORT all taxes, fees, and assessments to which a Missouri company operating in your state would be subject.

1. EMPLOYER GROUPS					
2. UNION GROUPS

4. ASSOCIATION GROUPS					
5. FICTITIOUS GROUP TRUSTS					
6. BLANKET GROUPS					

Section 148.390 RSMo., allows health benefits paid “for the benefit of some or all of the employees of one or more employers or for the benefit of the members of a union or unions, whether or not such benefits are payable through a trustee” to be deducted from the gross amount of premiums received on those policies. This deduction does not include all group business. Only lines 1, 2 and 3 above will be considered for benefit deductions.

- 1) Employer groups - the master policy is issued to the employer and the coverage extends to employees of that employer or employees of recognized subsidiaries of the employer.
- 2) Union groups - the master policy is issued to the Union Board of Directors or a designated trustee. Coverage extends to dues paying members of the trade or labor union.
- 3) Multiple Employers Trusts - the group exists under a trust agreement. The trustee holds the master policy and certificates of coverage are issued to employees of small employers. Usually the employer will be a business with five (5) or less employees. Such trusts may have numerous small businesses participating in the insurance plan.
- 4) Association groups - this group consists of dues paying members of a recognized association. The association has by-laws and exists for reasons other than obtaining insurance.
- 5) Fictitious group trusts - this group has no real nexus and is used only for the purpose obtaining or distributing insurance. The master policy is issued to a trustee pursuant to a contract with the underwriting insurer. Certificates are then issued to any individual who applies to the trust for insurance.
- 6) Blanket groups - a blanket policy is issued to a single policyholder. The policy insures all individuals meeting the eligibility requirements set out in the policy. The insurer may not receive a name list of insureds. The group consists only of the class subject to the hazard insured against in the policy. (i.e. student accident, sports teams, scout troops.)

Not all policies reported on line 24 of the annual statement Missouri page 21 have benefits paid that are eligible under section 148.390 RSMo. Only benefits payments “on policies or contracts providing health insurance benefits for the benefit of some or all of the employees of one or more employers or for the benefit of the members of a union or unions” are eligible for section 148.390 credit. For example, benefits paid under credit disability and disability income (benefit payments are not health insurance benefits) are not eligible for section 148.390 credit.
